

# PROVIDER DIRECTORY 2018

801 Middleford Road • Seaford, DE 19973 • (302) 629-6611  
[www.nanticoke.org](http://www.nanticoke.org)

Friends & Neighbors,

We are pleased to provide you with a copy of our 2018 Medical Staff Directory. We hope you will find this information helpful as you make your health care choices.

Nanticoke Health Services is fortunate to have an extensive and diverse Medical Staff. With over 160 health care providers representing 40 specialties, Nanticoke has programs and services to meet most of the health care needs you will experience.

Nanticoke is proud to offer services in the following specialties: Anesthesiology, Bariatric Surgery, Cardiology, Critical Care, Diabetes and Endocrinology, Ear, Nose and Throat, Emergency Medicine, Family Practice and Pediatrics, Gastroenterology and Hepatology, General Surgery, Hematology, Hospital Medicine, Infectious Diseases, Internal Medicine, Interventional Cardiology, Medical Oncology, Midwifery, Nephrology, Neurology, Obstetrics and Gynecology, Ophthalmology, Orthopedics, Pain Management, Palliative Care, Pathology, Pediatric Cardiology, Plastic Surgery, Psychiatry, Podiatry, Pulmonology, Radiation Oncology, Radiology, Rheumatology, Sleep Medicine, Urology, Weight Loss, and Wound Care and Hyperbarics.

Since Nanticoke is constantly adding new providers to our Medical Staff, the list of physicians changes throughout the year. You may call the Physician Referral Line at 1-877-NHS-4DOCS or visit our website at [www.nanticoke.org](http://www.nanticoke.org) for an update on physicians or to find out more about services available through Nanticoke Health Services. As always, thank you for choosing Nanticoke for your health care needs. We want to be your home for health care.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven A. Rose". The signature is fluid and cursive, written over a white background.

Steven A. Rose, RN, MN  
President & CEO  
Nanticoke Health Services

# CHOOSE NANTICOKE

*For great care close to home.*

*For excellent patient outcomes.*

*For a dedicated, professional team.*

## Nanticoke Memorial Hospital includes:

- An award-winning community hospital providing exceptional compassionate care.
- Advanced certification as a Primary Stroke Center by The Joint Commission.
- An exceptional cardiology program performing the latest interventional cardiology procedures like coronary artery atherectomy.
- A comprehensive Cancer Care Center with Accreditation from the American College of Surgeons Commission on Cancer.
- A Level III Trauma Center.
- A medical staff with over 160 health care providers.
- A team that is dedicated to you and your family.

## Nanticoke Memorial Hospital is **NATIONALLY RECOGNIZED:**

- First on Delmarva to receive a 4-star rating from the Centers for Medicare & Medicaid Services.
- Nanticoke is the only hospital in Delaware and Maryland to be nationally recognized by Healthgrades with the Outstanding Patient Experience Award™ and the Patient Safety Excellence Award™.
- American Heart Association/American Stroke Association's Mission: Lifeline® EMS Silver Plus Level Recognition Award for 2017.
- American Heart Association/American Stroke Association's Get With The Guidelines®—Stroke Gold Plus Quality Achievement Award with Target: Stroke<sup>SM</sup> Honor Roll Elite for 2017.
- American Heart Association/American Stroke Association's Get With The Guidelines®—Heart Failure Silver Plus Quality Achievement Award with Target: Heart Failure<sup>SM</sup> Honor Roll for 2017.
- HealthCare's Most Wired 2017 Winner as recognized by Hospitals & Health Networks and the American Hospital Association.

## The Nanticoke Physician Network includes:

- Primary care and specialty providers throughout Sussex County and Federalsburg, Maryland.
- Three Immediate Care locations treating minor illnesses and injuries 7 days a week in Seaford, Laurel and Georgetown.
- Primary care recognized at the highest level as Patient Centered Medical Homes (PCMH), by the National Committee for Quality Assurance.

# WHAT DO THESE SPECIALITIES MEAN?

*Medical specialties can be complex and confusing. Here are a few basic definitions:*

## **Anesthesiology**

The use of certain medications that put you into a deep sleep so you don't feel pain during surgery.

## **Bariatrics**

The branch of medicine that deals with the causes, prevention, and treatment of obesity.

## **Cardiology**

The study of the heart and its function.

## **Critical Care Medicine**

The care of critically ill patients. Patients receive continuous and closely monitored care.

## **Emergency Medicine**

The treatment of emergency illnesses and traumatic injuries.

## **Endocrinology**

The study of hormones and other effects of the endocrine system on the body.

## **Facial Plastic Surgery**

Surgery concerned with the restoration, reconstruction, correction, or improvement in the shape and appearance of body structures.

## **Family Practice**

A practice in which a physician cares for all members of the family for general health and refers patients to specialists when necessary.

## **Gastroenterology**

The diagnosis and treatment of diseases of the digestive organs including the stomach, bowels, liver, and gallbladder.

## **General Surgery**

A broad spectrum of surgical conditions affecting any area of the body, and the comprehensive management of trauma victims and critically ill surgical patients.

## **Gynecology**

The study of gynecological diseases and treatment of the female genital tract.

## **Hematology**

The science concerned with blood and blood-forming tissues.

## **Hepatology**

The branch of medicine concerned with the, prevention, diagnosis and management of diseases that affect the liver, gallbladder, biliary tree and pancreas.

## **Hospitalist (Inpatient Physician)**

Medical doctors who specialize in hospital care, providing treatment similar to a primary care physician for patients admitted to the hospital.

## **Infectious Diseases**

Usually an internal medicine physician with specialty training in diagnosis and treatment of infectious diseases caused by bacteria, viruses, fungi and parasites.

## **Internal Medicine**

The diagnosis and medical treatment of diseases and disorders of internal structures of the body; clinical expertise to diagnose and treat healthy and sick adults.

## **Interventional Pain Management**

The medical subspecialty which treats pain with invasive interventions.

## **Medical Oncology**

The branch of medicine dealing with tumors, including the study of their development, diagnosis, treatment and prevention.

## **Nephrology**

The branch of medicine dealing with the structure and function of the kidneys.

## **Obstetrics**

Care of a woman during pregnancy, labor, and delivery, as well as prenatal and postnatal care.

## **Oncology**

The study of tumors and cancers.

## **Ophthalmology**

The branch of medicine dealing with the eyes.

## **Oral/Maxillofacial Surgery**

Surgery of the jaw, mouth, and face.

## **Orthopedics**

Branch of medicine that deals with the prevention or correction of disorders associated with the skeletal and muscular systems.

## **Otolaryngology (Ear, Nose & Throat)**

Surgical and medical treatment of diseases of the ears, nose, throat, and neck.

## **Pain Management**

The application of surgical and medical treatments to control or eliminate acute or chronic pain resulting from a physical injury or other medical condition.

## **Pathology**

The study of the changes in tissues and organs which cause or are caused by disease.

## **Pediatrics**

Practice of medicine by a physician with specialty training in care related to the development and diseases of children.

## **Podiatry**

The diagnosis, treatment, and prevention of conditions of the feet.

## **Primary Care**

The day-to-day healthcare given by a healthcare practitioner. Primary care providers are typically the first contact and principal point of continuing care for patients within a health care system.

## **Psychiatry**

The diagnosis, treatment and prevention of mental illness. Psychiatrists are medical doctors so they are able to prescribe medicine.

## **Psychology**

Recognizing and treating behavior disorders. Psychologists do not prescribe medication.

## **Pulmonology**

The study of the lungs involving diagnosis and treatment of conditions of the respiratory system.

## **Radiation Oncology**

Related to cancer, it is the treatment of tumors with radiation.

## **Radiology & Diagnostic Imaging**

The use of high tech images in the diagnosis and treatment of diseases.

## **Rheumatology**

Division of medicine concerned with acute and chronic conditions characterized by inflammation, soreness and stiffness of muscles, and pain in joints and associated structures.

## **Sleep Medicine**

The study of unusual or disruptive sleep patterns which affect the physical well-being of the body.

## **Urology**

The branch of medicine concerned with the study, diagnosis and treatment of diseases of the urogenital system, including reproductive organs and urinary systems.

# MAKE NANTICOKE YOUR FIRST CHOICE FOR:

## PATIENT EXPERIENCE

Nanticoke was the first on Delmarva to receive a four-star ranking from the Centers for Medicare & Medicaid Service.

## WALKING THE TALK

Nanticoke is the only hospital in Delaware and Maryland to be nationally recognized by Healthgrades in 2017 with the Outstanding Patient Experience Award™ and the Patient Safety Excellence Award™.

## HOSPITAL CONNECTIVITY

HealthCare's Most Wired 2017 winner as recognized by *Hospitals & Health Networks* and the American Hospital Association.

## QUALITY HEALTHCARE

We know how important great care is to you and we know our physicians, nurses, care providers, staff and volunteers are making these incredible awards possible.

[www.nanticoke.org/quality](http://www.nanticoke.org/quality)
